REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Board of Directors of INTO Illinois State University, LLC

Report on the financial statements

We have audited the accompanying financial statements of INTO Illinois State University, LLC (the "Entity"), which comprise the balance sheets as of June 30, 2021 and 2020, and the related statements of operations and comprehensive loss, members' deficit and cash flows for the years then ended, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of INTO Illinois State University, LLC as of June 30, 2021 and 2020, and the results of its operations cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of matter

We draw your attention to Note 1 of the financial statements, which describes management's plans to cease operations, effective August 1, 2020, through December 31, 2023. Our opinion is not modified with respect to this matter.

Other reporting required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report, dated October 6, 2021, on our consideration of the Entity's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Entity's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Entity's internal control over financial reporting and compliance.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS
ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT
AUDITING STANDARDS

Board of Directors INTO Illinois State University, LLC

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of INTO Illinois State University, LLC (the "Entity"), which comprise the balance sheets as of June 30, 2021 and 2020, and the related statements of operations and comprehensive loss, members deficit, and cash flows for the years then ended, and the related notes to the financial statements, and have issued our report thereon dated October 6, 2021.

Internal control over financial reporting

In planning and performing our audit of the financial statements, we considered the Entity's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of internal control. Accordingly, we do not express an opinion on the effectiveness of the Entity's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying Schedule of Findings and Management Response as item 2021-01, that we consider to be a significant deficiency in the Entity's internal control.

Compliance and other matters

As part of obtaining reasonable assurance about whether the Entity's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Entity's response to findings

The Entity's response to our findings, which is described in the accompanying Schedule of Findings and Management Response, was not subjected to the auditing procedures applied in the audit of the financial statements, and accordingly, we express no opinion on the Entity's response.

Intended purpose

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Entity's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

NOTES TO FINANCIAL STATEMENTS

June 30, 2021 and 2020

NOTE 1 - DESCRIPTION OF BUSINESS AND BASIS OF PRESENTATION

Description of Business

INTO Illinois State University, LLC ("INTO Illinois State University" or the "Company" or "INTO ISU") was established on March 22, 2018 as a joint venture between INTO North America, Inc. ("INTO NA") and Illinois State University Global LLC ("ISU Global"), collectively the "Members," for the purpose of building the international profile of Illinois State University (the "University" or "ISU"). The principal business of INTO Illinois State University is to provide management, marketing, and administrative services to Illinois State University and its diverse students in connection with the international pathway programs, which are subject to the academic authority of Illinois State University. INTO Illinois State University provides continuous support by managing the areas of the students' cultural experience, English language courses, and eventual matriculation to Illinois State University. The purpose of the partnering between INTO Illinois State University and Illinois State University is to support the recruitment of intellectual talent to Illinois State University, enhance the quality and relevance of education, extend the University's global reach, transform service quality, broaden Illinois State University's global brand identity and recognition, provide an economic stimulus for the broader community, and generate revenue for reinvestment in Illinois State University.

INTO Illinois State University operates an international student center located on Illinois State University's Normal, Illinois campus. INTO Illinois State University and Illinois State University offer a range of academic preparatory courses and English language programs to international students, which, when successfully completed, enable qualified international students the ability to progress to undergraduate and graduate degree programs at Illinois State University.

On March 22, 2018, the Members each contributed cash of \$25,000 for equal shares of the Company.

Basis of Presentation

The accompanying financial statements of INTO Illinois State University have been prepared on the accrual basis of accounting and are prepared under the guidance of the Accounting Standards Codification ("ASC") 205, *Presentation of Financial Statements*, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). In May 2019, the Board of Directors approved changing the Company's elected year end from July 31 to June 30.

Liquidity and Management's Plans

The Company generated negative cash flows from operations and net losses from operations during the years ended June 30, 2021 and 2020. As of June 30, 2021 and 2020, the Company had an accumulated deficit of \$11,806,337 and \$10,680,290, respectively. Historically, the Company's liquidity needs have been met through borrowings under its partner loans from INTO NA and payment deferrals from ISU.

On March 11, 2020, the World Health Organization declared the novel strain of coronavirus ("COVID-19") a global pandemic and recommended containment and mitigation measures worldwide. As a result of the pandemic, international travel to the U.S., on which the Company is dependent, has been significantly limited, and it is currently unclear when this will return to normal levels.

The Company's recurring losses and negative cash flows, including the impact of the COVID-19 pandemic, has raised substantial doubt regarding the Company's ability to continue as a going concern. In response to this, both Members of the Company executed amendments to the International Student Center Services Agreement, the IT Services Agreement, the Deferral Letter, the Teaching/Administration Building(s) Facilities License Agreement, and the Promissory Note, reflecting the intent for the Company to cease operations for a period of up to 23 months, effective August 1, 2020 (the "Deferment Term"). During August

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2021 and 2020

2021, both Members of the Company executed additional amendments to extend the Deferment Term through December 31, 2023. During the Deferment Term, the Company will not receive any revenue, will terminate all employees, will have minimal expenditures, and all parties agree to defer payment on any outstanding payables/loans.

The Third Amendment to the International Student Center Services Agreement includes the deferment of all payments, fees, reimbursements and other amounts due by the Company to ISU or IUP for the duration of the Deferment Term, and the Company is not obligated to pay any amount or interest during that period. All such deferred amounts shall accrue interest at a rate of 3% per annum for the duration of the Deferment Term. ISU will be responsible for paying all costs of delivery in respect of the English and Pathway programs starting August 1, 2020 through the period of deferment. ISU will continue to pay the required scholarship payments to the Company during the Deferment Term. Both Members of the Company agree to hold quarterly meetings with senior business leaders of each such party to confer regarding the status of the Company during the Deferment Term and desired changes to this amendment or the International Student Center Services agreement during the Deferment Term. All terms and conditions of the International Student Center Services Agreement shall automatically be reinstated at the end of the Deferment Term. IUP and/or the Company will hire an Executive Director for the Company by the conclusion of the Deferment Term.

The First Amendment to the IT Services Agreement suspends such agreement in full and shall not have force or effect during the Deferment Term. No information technology services or support shall be provided to the Company for the duration of the Deferment Term unless mutually agreed by the parties. ISU and IUP agree to cooperate to maintain existing technology integrations and infrastructure to support all ongoing operations conducted by IUP and the University for the Deferment Term. Each party agrees to bear its own costs related to IT services and such maintenance and support for the duration of the Deferment Term. No payments shall be charged to the Company for the duration of the Deferment Term.

The First Amendment to the Deferral Letter suspends in full and shall not have effect and payment of all amounts due to ISU shall continue to be deferred for the duration of the Deferment Term. The deferred amounts due to ISU shall continue to accrue interest at a rate of 3% per annum during the Deferment Term. All of the terms and conditions of the Deferral Letter shall be automatically reinstated in full at the end of the Deferment Term.

The First Amendment to the Teaching/Administration Building(s) Facilities License Agreement suspends such agreement and the University resumes control of, and responsibility for, the Premises, during the Deferment Term. The University shall provide office space for one IUP employee in the premises for the duration of the Deferment Term. Any Company property or equipment that remains in the premises during the Deferment Term may be used by the University for University purposes; provided, that the University shall be solely responsible for any damage arising from such use.

The First Amendment to the Promissory Note states that no principal or interest outstanding under the Promissory Note (the "Partner Loans") shall be due and payable by the Company to INTO NA during the Deferment Term. The outstanding principal amount shall accrue interest at a rate of 3% per annum for the duration of the Deferment Term. All of the terms and conditions of the Promissory Note shall be automatically reinstated in full at the end of the Deferment Term.

While there continues to be uncertainty regarding this unprecedented time, the Company believes that the existing cash balance on hand, combined with the actions taken through the aforementioned amendments to cease operations and defer payments effective August 1, 2020, will be sufficient to fund currently anticipated cash requirements for the next 12 months from the report issuance date.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2021 and 2020

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Cash and Cash Equivalents

INTO Illinois State University considers all highly liquid investments with original maturities of three months or less when purchased to be cash and cash equivalents. The carrying value of cash and cash equivalents reported on the financial statements approximates its fair value. INTO Illinois State University had no cash equivalents at June 30, 2021 and 2020. At times, the Company's cash balances may be in excess of federally insured limits. The Company maintains its accounts with two high-quality financial institutions and believes that any risk of loss is minimal. As of June 30, 2021 and 2020, cash deposits exceeded federally insured limits by \$117,552 and \$0, respectively.

Accounts Receivable

Accounts receivable consist of trade receivables due to the Company for student tuition and fees invoiced during periods prior to August 1, 2020, when the Company ceased operations. Accounts receivable are recorded net of any allowance for doubtful accounts. Allowance for doubtful accounts are reported based on management's best estimate considering type, age, collection history and other factors as deemed appropriate. Any change in the assumptions used may result in an allowance for doubtful accounts being recognized in the period in which the change occurs.

Accounts receivable are written off when deemed uncollectible. The Company had no allowance for doubtful accounts for the years ended June 30, 2021 and 2020.

Other Receivable

During the Deferment Term, the Company has agreed to invoice and collect tuition and other fees from students on behalf of ISU. Amounts collected from students on behalf of ISU will subsequently be remitted by the Company to ISU in accordance with the terms of the Third Amendment to the International Student Services Center Agreement. Other receivable represents amounts invoiced to students on behalf of ISU, which have not yet been collected. Tuition and fees collected from students on behalf of ISU, which have not yet been remitted to ISU, are recorded in Due to ISU, current portion in the accompanying balance sheets.

Fair Values of Financial Instruments

The Company applies ASC 820, Fair Value Measurements, for fair value measurements of financial assets and liabilities that are recognized or disclosed at fair value in the financial statements on a recurring basis. ASC 820 defines fair value, establishes a framework for the measurement of fair value, and enhances disclosures about fair value measurements.

Fair value is defined under ASC 820 as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Valuation techniques used to measure fair value under ASC 820 must maximize the use of observable inputs and minimize the use of unobservable inputs. The standard describes a fair value hierarchy based on three levels of inputs, of which the first two are considered observable and the last unobservable, that may be used to measure fair value, which are the following:

- Level 1 Quoted prices in active markets for identical assets or liabilities;
- Level 2 Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2021 and 2020

inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; and

Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The carrying amounts of financial instruments such as cash, accounts receivable, accounts payable, related party payables, or receivables, and accrued liabilities approximate fair value due to their short maturities.

Prepaid and Other Current Assets

Prepaid expenses for marketing and other prepaids consist of amounts paid in advance for goods or services that had not yet been rendered as of the end of the fiscal year. Prepaid commissions consist of amounts paid to agents that will be recognized over the life of the student's study plan.

	 2021	 2020
Prepaid commissions Other prepaids	\$ 43,755 11,314	\$ 135,191 21,487
	\$ 55,069	\$ 156,678

Equipment, Furniture, and Fixtures, Net

INTO Illinois State University capitalizes all fixed assets over \$500 with a useful life greater than one year. Equipment, furniture, and fixtures are stated at cost less accumulated depreciation. Upon retirement or disposition, the asset's cost and related accumulated depreciation are relieved and the resulting gain or loss, if any, is included in the statements of operations and comprehensive loss. INTO Illinois State University depreciates equipment, furniture, and fixtures on a straight-line basis over its estimated useful life. Useful lives for computer equipment, furniture and fixtures are four years.

Amortization of leasehold improvements is computed on a straight-line method over the shorter of the estimated useful lives of the improvements or the remaining lease term.

Intangible Assets, Net

Intangible assets consist of capitalized software costs. These costs consist of internal and external labor costs for development of information systems used internally for business operations. The capitalization of software development costs for internal use is governed by the Financial Accounting Standards Board ("FASB") ASC Subtopic 350-40. At the beginning of application development, software costs, which are primarily related to payroll costs and costs of independent contractors incurred during development, are capitalized. Research and development costs incurred prior to application development are expensed as incurred. Software development costs are amortized on a product-by-product basis commencing on the date placed in service. Software development costs are amortized on a straight-line basis over the estimated useful life. Useful lives range from four to seven years.

Impairment of Long-Lived Assets

INTO Illinois State University evaluates the recoverability of its long-lived assets whenever adverse events or changes in the business climate indicate that the expected undiscounted future cash flows from the related asset may be less than its carrying value. If the net book value of the related asset exceeds the undiscounted future cash flows of the asset, the carrying amount is reduced to the present value of its expected future cash flows, and an impairment loss is recognized.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2021 and 2020

During the year ended June 30, 2021, the Company recorded impairment losses to reduce the carrying values of its equipment, furniture, and fixtures and intangible assets to zero as a result of the Members of the Company suspending operations for the duration of the Deferment Term. Impairment losses are recorded within the statements of operations and comprehensive loss and were (\$350,560) and \$0 for the years ended June 30, 2021 and 2020, respectively.

Revenues

In May 2014, the FASB issued Accounting Standards Update ("ASU") No. 2014-09, *Revenue from Contracts with Customers (Topic 606)*, which outlines a single, principles-based five-step model for entities to use in accounting for revenue arising from contracts with customers that supersedes most current revenue recognition guidance. This guidance requires an entity to recognize revenue when it transfers control of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. On July 1, 2020, the Company adopted the provisions of this guidance using the modified retrospective approach. The adoption did not have a material impact on the measurement or recognition of revenue within the Company's financial statements.

Tuition is collected by INTO ISU from international students for academic preparatory courses and English language programs. Other operating revenue primarily consists of accommodation, student insurance fees, and cancellation fee income. Revenues are recognized over the program service period as services are performed, except for cancellation fee income, which is recognized as incurred.

Refunds

Students may be eligible for a refund, less the deposit, if they cancel or withdraw from an INTO ISU program before the published start date. INTO ISU temporarily implemented a deposit refund policy in direct response to the impact of COVID-19 which states that students may receive a refund of their deposit for a variety of reasons, including but not limited to, inability to obtain a visa, travel restrictions, personal or family sickness, etc. Deposits are recorded in accrued expenses within the accompanying balance sheets.

Scholarship Fund

The purpose of the scholarship fund is to provide financial scholarships to students admitted into the INTO ISU programs. Upon matriculating to ISU, the University remits a percentage of the student's tuition to INTO ISU for the purpose of funding scholarships. Any scholarship amounts awarded to students that exceed the available balance in the scholarship fund are expensed.

INTO ISU incurred \$769 and \$210,671 for scholarship fund expense for the years ended June 30, 2021 and 2020, respectively. These amounts are netted against tuition revenue on the statements of operations and comprehensive loss.

Deferred Revenue

Deferred revenue consists of cash receipts for student services, tuition, and fees received in advance of the related academic program start date. INTO ISU recognizes the amounts received as revenue in the statements of operations and comprehensive loss ratably over the period of the underlying academic program.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2021 and 2020

Marketing

Marketing costs consist of fees paid to a related party, IUP, for marketing and recruitment services per the International Student Center Services Agreement. These costs are expensed over the time period that the services are provided.

Other marketing costs consist of brochures, advertising and other marketing activities and are expensed as incurred or when the first run of advertising occurs.

Income Taxes

INTO ISU is a limited liability company and is a disregarded entity for U.S. federal, state and local income tax purposes. The Members have limited individual liability for the obligation or debts of INTO ISU. Accordingly, no provision for income taxes is made in the financial statements since such taxes, if any, are the responsibility of the individual Members.

Agent Commissions

The majority of the commissions paid to third-party agents are deferred on the balance sheets and recognized over the same period as the related student revenue in cost of instruction on the accompanying statements of operations and comprehensive loss. In some cases, INTO ISU has recourse to recover all or part of payments made to third-party agents.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results could differ from those estimates.

Reclassifications

For comparative purposes, certain amounts in the 2020 financial statements have been reclassified to conform to the 2021 presentation. These reclassifications had no impact on the overall financial position of INTO ISU.

Recent Accounting Pronouncements

In February 2016, the FASB issued ASU 2016-02, *Leases (Topic 842)*, in order to increase transparency and comparability among organizations by recognizing lease assets and lease liabilities on the balance sheets and disclosing key information about leasing arrangements. The recognition, measurement, and presentation of expenses and cash flows arising from a lease by a lessee have not significantly changed from previous U.S. GAAP. There continues to be a differentiation between finance leases and operating leases; however, the principal difference from previous guidance is that the lease assets and lease liabilities arising from operating leases should be presented on the balance sheet. This update is effective for the Company for fiscal year 2023. INTO ISU is evaluating the impact of this ASU on its financial statements.

NOTE 3 - RELATED-PARTY TRANSACTIONS

For the purposes of the financial statements, the Company considers INTO NA, IUP, INTO University Partnerships (Asia), Ltd. ("INTO ASIA TOPCO"), Guangzhou WOFE INTO Education, Ltd. ("INTO WFOE"), ISU Global, ISU and members of the INTO Illinois State University Board of Directors to be related parties.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2021 and 2020

Illinois State University and Illinois State University Global LLC

INTO ISU has entered into an International Student Center Services Agreement ("Service Agreement") with Illinois State University, which provides that Illinois State University will create and develop the INTO ISU programs jointly with INTO ISU, with the goal of ensuring that appropriate resources and courses at both INTO ISU and Illinois State University are available to provide a quality academic experience. The Service Agreement, effective as of March 22, 2018, continues through March 22, 2028. The Service Agreement may be terminated without liability to either party upon the event of certain criteria established per the Service Agreement. No such event occurred as of June 30, 2021 and 2020.

The Service Agreement provides that credits earned by students who successfully complete the INTO ISU Pathways Program will be recognized by Illinois State University toward completion of an appropriate Illinois State University undergraduate or graduate degree program. Illinois State University will provide and supervise the administration of student admissions to the INTO ISU Program and will provide support and mentoring services to the students during their enrollment.

Per the terms of the Service Agreement, Illinois State University will provide INTO ISU access to Illinois State University facilities and student services, Illinois State University will provide for the planning, construction, and use of living and learning facilities based on the achievement of program milestones, including various enrollment thresholds. In addition, access to appropriate Illinois State University staff for delivery of the INTO ISU Programs will be provided to INTO Illinois State University. Illinois State University will incur the payroll and other expenses for leased employees, and INTO ISU will reimburse Illinois State University for these costs.

As part of the Service Agreement, Illinois State University granted INTO ISU a nonexclusive, royalty-free, nontransferable worldwide license for the term of the agreement to use the Illinois State University trademarks, trade names, service marks, service names, brand names, domain names, URLs or logos for the purpose of the INTO ISU programs. For the year ended June 30, 2021, INTO ISU incurred expenses from Illinois State University of \$20,624 for compensation and benefits and \$37,849 for cost of instruction, per the International Student Center Services Agreement, which are included in the accompanying statements of operations and comprehensive loss. For the year ended June 30, 2020, INTO ISU incurred expenses from Illinois State University of \$239,102 for compensation and benefits and \$1,498,364 for cost of instruction, per the International Student Center Services Agreement, which are included in the accompanying statements of operations and comprehensive loss. As of June 30, 2021, INTO ISU accrued \$2,170,896 for compensation and benefits and costs of instruction in Due to ISU, noncurrent on the accompanying balance sheet, with such noncurrent presentation being in accordance with the terms of the Third Amendment to the Service Agreement. As of June 30, 2020, INTO ISU accrued \$2,112,422 for compensation and benefits and costs of instruction in Due to ISU, current portion on the accompanying balance sheet.

For the years ended June 30, 2021 and 2020, INTO ISU incurred expenses from Illinois State University of \$7,395 and \$278,126, respectively, for rent, per the Teaching/Administration Building(s) Facilities License Agreement, which is included in the accompanying statements of operations and comprehensive loss. As of June 30, 2021. INTO ISU accrued \$402,116 for rent expense in Due to ISU, noncurrent on the accompanying balance sheet, with such presentation in accordance with the terms of the First Amendment to the Teaching/Administrative Building(s) Facilities License Agreement. As of June 30, 2020, INTO ISU accrued \$394,721 for rent expense in Due to ISU, current portion on the accompanying balance sheet.

For the years ended June 30, 2021 and 2020, INTO ISU incurred expenses from Illinois State University of \$18,375 and \$220,500, respectively, for administration and service charges, per Section 4.01 of the Service Agreement, which are included in the accompanying statements of operations and comprehensive loss. As of June 30, 2021, INTO ISU accrued \$273,875 for administration and service charges in Due to ISU, noncurrent on the accompanying balance sheet, with such presentation being in accordance with the terms

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2021 and 2020

NOTE 6 - LEASES

INTO ISU conducts its operations in leased facilities from Illinois State University under an initial operating lease that began on March 22, 2018 and expires on March 22, 2028. INTO ISU does not have the right to sub-lease or assign the lease without prior written consent of Illinois State University. There are no provisions in the lease for transfer of ownership or bargain purchase options. Pursuant to the terms of the Teaching/Administration Building(s) Facilities License agreement, effective March 22, 2018, Illinois State University granted a \$50,000 per year rent abatement for the duration of the Service Agreement. During the year ended June 30, 2020, INTO ISU and Illinois State University agreed to reverse the previously granted \$50,000 per year rent abatement. The \$107,091 of the reversed rent abatement was recorded in rent expense during the year ended June 30, 2020 on the accompanying statements of operations and comprehensive loss. Pursuant to the terms of the First Amendment to the Teaching/Administration Building(s) Facilities License agreement, the Company will not be charged rental payments from Illinois State University during the Deferment Term. Total net rent expense for the years ended June 30, 2021 and 2020 was \$7,396 and \$278,126, respectively. The future minimum lease payments as of June 30, 2021 are referenced below.

FY2022	\$ -
FY2023	92,658
FY2024	185,316
FY2025	185,316
FY2026	185,316
FY2027 and future	 324,303
Total commitments	\$ 972,909

NOTE 7 - ACCRUED EXPENSES

Accrued expenses consist of the following at June 30:

Payroll and other employee-related benefits Student deposits and refunds Travel and marketing Audit, insurance, legal and tax Other	\$ 5,597 63,342 - 54,249	\$ 58,448 100,701 5,476 71,333 6,533
Total accrued expenses	\$ 123,188	\$ 242,491

NOTE 8 - EMPLOYEE BENEFIT PLANS

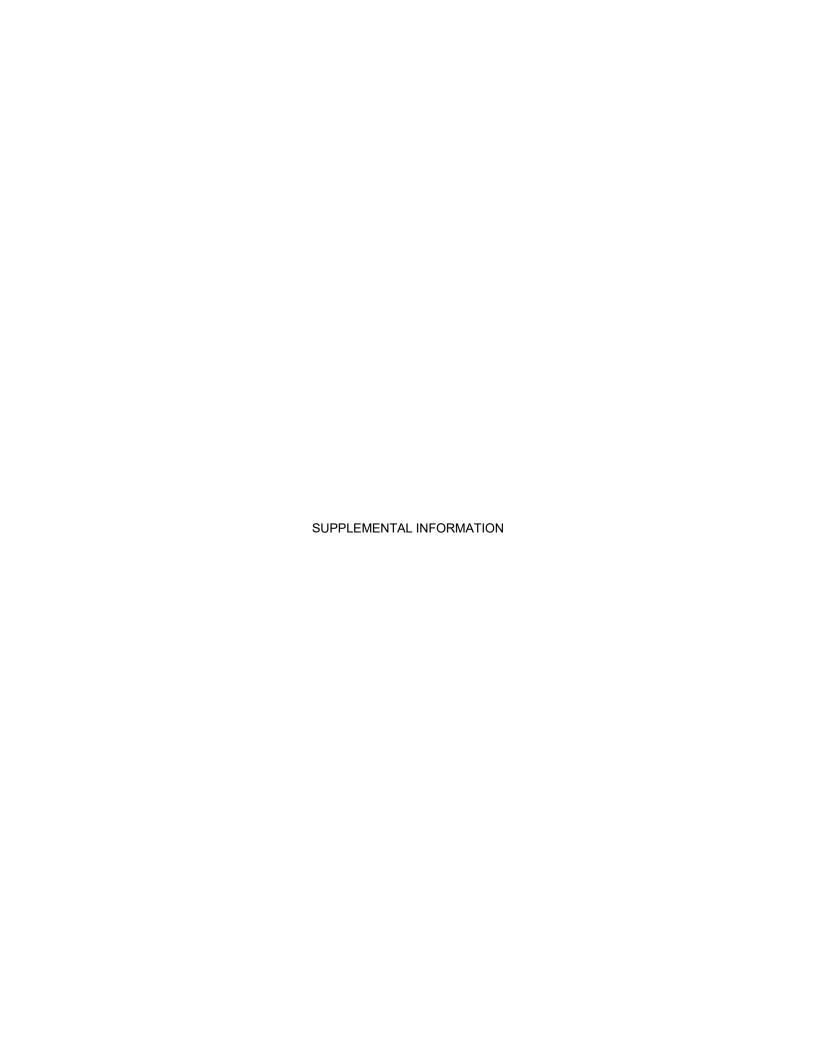

The INTO Illinois State University, LLC 401(k) plan is a contributory defined contribution plan designed to provide all employees who meet certain age and service requirements the opportunity to contribute a portion of their pre-tax or after-tax income to the traditional 401(k) or Roth 401(k) plan. Contributions are made through employee-elected payroll withholdings and are subject to certain limitations. INTO ISU matches 100% of employee contributions into either plan up to 6% of each participant's earnings. INTO ISU contributed \$6,369 and \$13,172 on behalf of its employees in the years ended June 30, 2021 and 2020, respectively.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2021 and 2020

NOTE 9 - SUBSEQUENT EVENTS

In connection with the preparation of the financial statements and in accordance with ASC 855, *Subsequent Events*, management has evaluated and reviewed the affairs of INTO Illinois State University, LLC for subsequent events that would impact the financial statements for the period ended June 30, 2021 to October 6, 2021, the date the financial statements were available to be issued. In response to the continued impacts of the COVID-19 pandemic, both Members of the Company executed amendments to the Teaching/Administration Building(s) Facilities License Agreement, the IT Services Agreement, the International Student Center Services Agreement, the Promissory Note and the Deferral Letter to extend the Deferment Term through December 31, 2023. Refer to Note 1 for more detail regarding these amended agreements.

SCHEDULE OF FINDINGS AND MANAGEMENT RESPONSE

June 30, 2021 and 2020

2021-01 JOURNAL ENTRIES (SIGNIFICANT DEFICIENCY)

Criteria:

Entities have a responsibility to design, implement and maintain an internal control environment relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error, in accordance with accounting principles generally accepted in the United States of America.

Condition:

When considering the Entity's internal control over financial reporting, it was noted that users are able to both create and post their own journal entries within the Entity's financial reporting system. Further, journal entries posted to the general ledger are not independently reviewed.

Cause:

The Entity's financial reporting system does not have the ability to restrict users from creating and posting their own journal entries.

Effect:

The inability to restrict users from creating and posting their own entries, in conjunction with the absence of an independent review of journal entries posted to the general ledger, creates an opportunity for inappropriate or unauthorized journal entries to be recorded, which could result in a material misstatement within the financial statements.

Recommendation:

We recommend that management implement a control to ensure that all journal entries recorded within the general ledger are independently reviewed and approved.

Views of Responsible Officials:

Management believes that the multiple layers of financial review that are performed at month end mitigates any risk that a material misstatement could result from the lack of independent journal entry review. The month end asset and liability workpaper files are reviewed by the designated Manager of Accounting & Shared Services before they are distributed to the Commercial & Student Finance Analyst for review. The Commercial & Student Finance Analyst then runs the monthly Management Report which includes the statement of operations and comprehensive loss, and they provide commentary on the items that vary from the forecasted budget. That information is then submitted to the Central Finance Team at INTO NA for review by the appropriate Director of Commercial Finance and the VP Commercial Finance, North America. The VP Commercial Finance then presents the financial information to the Global CFO. This review process has been in place since the inception of INTO ISU.
